

BC3010 Charging Dock

The BC3010 Charging Dock is a 10-Tag charger for the BC2611 Tag. With contact charging, it's quick and easy to charge a Tag: just push it in!

The Charging Dock can fully charge a depleted Tag in less than six hours. The Charging Status LED on the BC2611 Tag blinks green while charging, then turns solid green when the Tag is fully charged.

Up to four Charging Docks can be daisy-chained together off of one power supply, making infrastructure requirements minimal. Charging Docks can be wall or table-mounted to best suit your environment.

Benefits

POWERFUL

- Contact charging
- Powers 10 Tags
- Drained Tags fully charge in less than 6 hours

FLEXIBLE

- Mount on wall or table (vertical or horizontal)
- Connect up to 4 Docks on one power supply

For What

- Charging BC2611 Tags

For Who

- BC2611 Tag users

Specifications

MECHANICAL

Dimensions	Base mounted:
	21 cm (W) x 19 cm (L) x 33.2 cm (H)
	Horizontally table mounted:
	21 cm (W) x 30 cm (L) x 7.6 cm (H)
Weight	1.72 kg
Mounting Options	Table mount (horizontal or vertical) or wall mount

POWER

AC Adapter	Input: 85-264 VAC, 47/63 Hz
	Safety: thermal, voltage, and power overload protection
Inlet Power	24VDC, 18A
Outlet Power	24VDC 14A

ENVIRONMENTAL

Operating Temperature	-20°C to +60°C
Storage Temperature	-40°C to +85°C
Working Humidity	20 to 95%, non-condensing
Relative Humidity	Up to 95%, non-condensing

DEVICE

Certifications	Pending
